Witch At Last: A Jinx Hamilton Mystery Book 3 (The Jinx Hamilton Mysteries)

Synopsis

A lot has changed for Jinx Hamilton in just a few months. After the mishaps that befell her in *Witch At Odds*, Jinx just wants to enjoy the rest of the summer, but she's not going to be that lucky. Just as she's poised to tell her friends she's a witch, secrets start popping out all over the place. Between old foes and new locations, Jinx isn't going to get her peaceful summer, but she may just get an entirely different world.

Customer Reviews

Actually give this 3.5 stars. Loved the first two books - which is why I pre-ordered this one. And while this is an enjoyable read, I had a real problem with the omniscient Myrtle suddenly drawing a major blank when clearly dark magic items were residing inside her very premises. Really? Either she is or isn't this ancient, all-powerful force. Please, ladies, make up your mind. She knew when Brenna had been released from her captivity in Book 2, but doesn't notice when an evil force is zipping around inside the store? Ditto with not being able to pick up on her powers. Why not? She could in the previous book, but suddenly this source of knowledge is drawing a blank? And blightly

dismissing a formidable threat that the good guys have been battling throughout the ages, seemed out of character - not only for Myrtle, but all the other "experienced" members of the cast. Maybe it wouldn't have bothered me as much, if this was the first book in the series that I'd picked up. But for someone who is following your series, these kind of inconsistencies do matter. And they drove me crazy, the entire time I was reading this book. That said, this was still an enjoyable read - mostly because the characters themselves are likeable. And I will continue with the series. I just hope in the next book, the characters are a bit more in keeping with the background history they were initially given.

"Witch at Last: A Jinx Hamilton Mystery Book 3" by Juliette Harper is the latest book in the "The Jinx Hamilton Mysteries" series. Jinx's eyes are opened to many different situations that have been kept from her up to this point. It's time for her and her best friend Tori to talk to their mother's about their witchy background. Along with finding out the truth about Chase and the secrets about her basement all in one day. It's a lot for a person to handle. Overall, I enjoyed this novel. Yes, there was a lot of information that was just told to Jinx at the beginning of the novel, but to find a way to "show not tell" all of that would have taken a whole additional novel. The rest of the novel continues to move the over arching plot line of the series forward. Jinx learns a lot about who she can become along with how each person in her life has a role to play.

This is the 3rd of the Jinx Hamilton Books I read - I really loved the storyline and the possibilities of the series. The reason why I gave this particular book only 3 stars is because there is just too much explaining in the beginning "educating the characters" and the readers about the past. I felt as though this could have been done in a much better way.

I love the way the author shifts POV & uses flashbacks to weave the story. And while this is the third book in the series, the author spends some time at the beginning summarizing & catching the reader up. I would recommend that you read the other two books first, though, as they are wonderful tales. I admire the way Jinx & Tori deal with all the changes that are happening in their lives. I especially enjoyed their time in The Valley. Loved the dragonlets! The ending sets us up for the girls' next adventure. Hopefully I won't have to wait too long!

LOVED this 3rd book. Jinx and Tori are growing up as part of the supernatural world. Brenna is sort of human, alive and somehow still able to do some magical things. New characters appear. We

travel to Shevington. And the plot back in Briar Hollow just keeps thickening. Can't wait for more.

Like the other stories in this series, this one is highly entertaining, exciting and has a wealth of rich background that more fully develops the characters. This is not a throw-away witch series; it is a rich story reminiscent of Deborah Harkness' "Book of Life" trilogy, one of my all time favorites. I'm looking forward to the next Juliette Harper story in this series.

So many series start to fade after the first couple books. That is not the case with this series. The characters stay strong and you get to see more and more of both worlds. I love this series and can't wait for the next book to come out.

Although I loved the first book and found the second one OK, this third book is the end of the series as far as I'm concerned. Book One started out as a simple tale of a woman acquiring a witch's power and her funny, romantic awakening while solving a good mystery. Book Three is a ponderous tome of the witch's family history with almost no action to speak of. It just goes on and on describing various ancestors as if it were the biography of Abe Lincoln as opposed to a once cute cozy mystery. A real disappointment!
