Customer Reviews

I am glad I bought this book. Here in Romania we have not part of the publication of such books. I looked at in this book and I was glad to see that this book is much more than I imagined.

For me it was journey back in time onto the minds of Jewish scholars of that time period. History is basically my goal and this book filled in a lot of the gaps.

It is a wonderful book to start and end the day with. So much wisdom

Great little book, almost like a devotional for all of us, per its use by orthodox Jews.
