Financial Sorcery: Magical Strategies To Create Real And Lasting Wealth

Synopsis

"As the owner of a metaphysical shop, I cannot tell you how many times customers come to me with questions about improving their finances. Financial Sorcery has just made my life easier, as I can now point them to a book that has solid information about mundane and magickal techniques that work. This book is real gold, not fool's gold, and I intend to make use of this treasure."--Ivo Dominguez, Jr., author of *Casting Sacred Space* and *Spirit Speak*

This life-changing book goes far beyond simple "money magic." This is a tome of true financial sorcery that will show you how to ensure success no matter what life throws at you. Financial Sorcery will give you the step-by-step instructions on how to improve your fiscal situation. You will learn how to:

- Stop using magic to fix emergency problems and start using it to build your dream life.
- Use times of economic uncertainty to create new opportunities rather than cause problems.
- Work joyfully with money as part of your spiritual discipline rather than as a necessary evil.
- Make offerings to help increase the flow of prosperity around you.
- Ditch old concepts and retrain your mind to make money in today's world.
- Use the interplay of macro- and micro-enchantment to find jobs and get promoted.
- Deploy strategic sorcery to kill your debt.
- Create secondary income streams that will ensure continued revenue.

Chapter 5 in this book is really the only chapter you need. The other chapters use sociological factors to shift one's thinking. That is great and all, but I was mainly interested in the sigils and that is exactly what I received. This book goes by a simple formula to make it work. Here it goes:

- a) Rule 1: Thursday is the day of Jupiter. (For those who are unaware of Jupiter's powers, he is the god that

brings increase and significant prosperity into your life in odd forms. Of course, working is important, but this brings all of your efforts on another level. The secret is being open to receiving opportunities and not close-minded. I cannot stress that enough).b) Rule 2: On Thursday night, the first hour after Sunset (IMPORTANT-TIMING IS EVERYTHING TO ANCIENT ENTITIES, pour a glass of wine or grape juice, not water, light a money incense cone)if you have one.c) Rule 3: Draw one of the sigils that best apply to your money situation through pages 80 and 86.d) Rule 4: Raise your glass of wine in the air and the sigil and clear your mind of all negativity. And say the chant on page 76 and page 78.Two Cents: After you are done with the chant, the author mentions you must bury the sigil in earth somewhere. If you live in an apartment complex, you don't want your neighbors to think you are weird so I would recommend to get a flower pot from Walmart and place some soil inside and bury the sigil that way. It is also important to talk about the powers of Jupiter with others to increase the effectiveness of the sigil and spell.
