Journey with her down a road filled with love, hate, growth, loss, passion, betrayal, reinvention, and happiness; find out why her life is truly in motion.Real Muslimah New Jersey began as a string of Face Book tales. Customer Reviews

I can’t believe I am just making a review now. This book was a page turner full of issues that many

Muslim women can relate too. Many women accept Islam and the journey is full of growth and constant reality checks. It isn't always easy and it may be one of the hardest transitions in your life. The author was able to pen this experience in a non preachy way that was very entertaining and left you wanting more! It's a great read! Get it!

First lets say that RealMuslimahNJ had me "hooked" from the beginning when I first started reading her stories on her blog! I have bought four copies of the book in addition to two kindle versions to give to family and friends (Muslim and Non- Muslim). The book is very fluid and always leaves you holding your breath. At times I wanted to choke Melanie's neck, then I wanted to cheer for her., but now I want to choke her again! Has she really changed? I guess we have to wait for Book 2. You always want to stay in Khadijah's corner and pray that everything works out for her. It seems like obstacles (drama) always seem to find her. I CANNOT WAIT UNTIL THE 2nd installment! She betta hurry up and write Book Two cuz in the famous words of Pookie, "It keeps callin' me man!" as i scratch my forearms waitin' for another hit of this SPECTACULAR LIT!!! :) Signed your NUMBER 1 Fan! Zaakirah! May Allah grant you Tawfeek to continue to make good use of your gift! Ameen!

I enjoyed this book very much. It gave me insight on being patient and steadfast in Islam.May Allah (swt) grant the author; sister Jatasha Sharif with the best of this life and the next.....Ameen!Inshallah Allah (swt) grants you the patience to do a sequel.

This is an awesome read. I have been a fan of this author since her very first sentence. She will compell you to read , read, and read some more. My 15 year old son is reading her book. And that says alot. She will leave you wanting more after each and every sentence. Muslims and non-Muslims alike can benefit from her writing style and her perspective. Her characters develope into friends you will cheer for and cry for. Like I said "Don't get caught slippin!"

This book was awesome! I read it in 2 days. The author explains words and situations that one may not be familiar with and the story is one many people can relate to at one point in their own lives. I am looking forward to reading the second book in the series! I urge anyone who wants a good read to purchase this book, they will not be disappointed.

It made me cry a few times because I saw so much of myself in it. I said the Shahada almost a year ago and my life has changed in ways I never dreamed it could. Things just get better and better and

this book is just one example of what can happen when you get your life right. Becoming a Muslim was the single most life-changing experience in my lifetime - and I would not change a moment of it. I can hardly wait for the next one!!

Amazing read! Couldn't put it down as I laughed, cried, smiled, frowned, and praised Allah all in one. The author keeps you on your toes and edge of your seat as you eagerly turn to the next page. Satisfied customer who is patiently waiting for part II :)

The journey that Khadijah went through was very fascinating. Her story of transformation is inspiring. I couldn't put this book down, reading it in 2 days. I hope that a part 2 is in the works, if it has not already been published.
