International Politics: Power And Purpose In Global Affairs

Synopsis

Student-oriented and contemporary, *INTERNATIONAL POLITICS: POWER AND PURPOSE IN GLOBAL AFFAIRS* introduces the study of international relations in a clear, accessible style, with engaging concepts and analytical tools for students and a fully developed pedagogical program for instructors. *INTERNATIONAL RELATIONS: POWER AND PURPOSE IN GLOBAL AFFAIRS* bridges the gap between analytical theories and real-world issues and events. Readers will enjoy varied case studies and boxed features on history, policy, culture, and geography, along with vivid graphics.

Customer Reviews

For such a small book compared to other books that I was required to purchase for the semester, this book covered a lot of material. It has everything you need to know for an introductory global issues course with picture and examples to keep you from being bored. I think it explained different theories and ideas very clearly and kept me from being confused. The only issues that I have with this book is probably the fact that sometimes certain topics can be very dry especially the economics portion of the book which seemed to drag on but crucial to international politics. The biggest drawback that this book has in my opinion is the fact that certain concepts tend to get repeated over and over again in different chapters throughout the book. It's as if different people were writing each chapter of the book and didn't get to make sure that the material they covered had already been stated in another chapter. It became a bit of a nuisance for me because some

concepts were repeated about three or four times. Despite its drawbacks however, I found the book more than satisfactory and kept me interested in my weekly readings. I was happy to take this course and widen my knowledge of the international world.

Served its purpose

Exactly what I was looking for, brand new as stated that it was and shipping was quick. This was a great deal!

This book provided great insight into the subject of international politics and was a wonderful resource!

the author lack clear language, his questions are confusing, stuff is all over the place, hard to follow

needed this book for a class. it is a little dry and difficult to understand at times
