Customer Reviews

Sorry I actually paid for this book. It has a bunch of short story type plots grouped together and none really make much sense. The other books in this series were much better. I really don't like giving negative reviews, but this book definitely earned it.

I am enjoying the Witch PI Series so much. I feel as though I know each of the characters, including Winky the one eyed cat, Bella his girlfriend, Barry the dog, and Hamlet (Hammy) the hamster. I love the way the books end with a taste of the next book to come. It makes me anxious for the next book in the series to hurry up and come out. I have the next 2 books pre-ordered. Thank you :) :)

I love this series! I couldn't wait for this book to come out! I didn't want to put it down. Now I can't wait for the next one! I recommend this series to everyone. I just love everything about these books, the characters, the story lines, and I love Jill's love life!

I don't know why I keep reading these books, they never go anywhere, she solves one or two problems, she's anal. She's delusional, grumpy and is a pushover. You could probably get away with skipping books as long as you read the first and last. These books should probably cost \$.99 instead they are almost \$3.00 and there is like ten of them.

I'm enjoying seeing Jill grow as a PI and witch. I think the primary PI case that she had was finished a little quickly but otherwise I enjoyed the book as much as the rest. Looking forward to the next one, and what TDO's next move will be.

I really enjoy this series of books! The format is intriguing in that the book doesn't end when a mystery is solved..... but when there's a surprise and it really always comes as a surprise to me!!!

I love this series! It's quirky and fun to read! I read through the first eight books in no time, I couldn't put them down! I just want to jump right into the book, move into Candlefield and eat blueberry muffins at Cuppys! I'm aching for the next book to come out!

Wonderful story, set in a cozy, realistic setting that makes you wish you could live there, too - without Granny! This series also deserves recognition for the great characters and fast moving plot that never leaves you wondering what's going on - so enjoyable. Great read! I'd order anything automatically from this author!
