## Customer Reviews

I have found this Tradion Book to be written in a style that is as entertaining as it is informative. This book gives excellent information about the many factions and religions that comprise the Celestial Chorus. It also helps to despel the stereotype about the Choristers being a group of fundalmentalists Christians. If you have any Chroisters in your game or even if you are considering having a Chorister in your game, I highly recommend acquiring this book.

A good and interesting take on one of the more misunderstood Traditions. Even if you aren't interested in the 'Christian' Tradition, give it a shot...because it turns out that is not quite what they are. Loved the book.
