Masonic Enlightenment Series

The Philosophy, History
and Wisdom of Freemasonry

Edited by Michael R. Poll

Synopsis

This is the a follow-up to the popular book "Masonic Enlightenment." Includes the inspired Masonic essays: "Mythology and Masonry" by R.J. Meekren; "Geometry of God" by Joseph Fort Newton; "The Suppression of the Order of the Temple" by Frederick W. Hamilton; "Was William Shakespeare a Freemason?" by Robert I. Clegg; "The Religion of Robert Burns" by Gilbert Patten Brown; "Hysteria in Freemasonry" by WM. F. Kuhn; "The Square and the Cross" by A.S. MacBride; "Toleration and Freethinking" by H.L. Haywood and more.

Customer Reviews

As with the first book in this series, Michael Poll -- a respected Masonic scholar and researcher -- has gathered together a sampling of truly indispensable writing about the Craft and created a single resource that is packed with some of the best essays ever created on the subject of the Craft. This edition digs a bit deeper than the first and includes some of the "giants" of writers on Freemasonry, including Joseph Fort Newton and H.L. Haywood. This is a thought-provoking volume for any newly-raised Mason and a brilliant refresher course for the rest of us. Also highly recommended is

'The Freemasons Key - A Study of Masonic Symbolism' from this same editor.

For such a small package this book is full of information. Not a book to just breeze through reading. Just what I needed to help me understand more about the craft.

I picked this book up and enjoyed it as much as the first. A truly "enlightened" collection. Buy it now! You won't be sorry.

While this book had a few, very good writers some of the others were far fetched and slow in some of the information that was presented.

Compact and easy to use! This application is definitely worth your time to download and use to your heart's content.
