Emunah - The Recovery Kit

Synopsis

How could a thinking person not ask questions? Can we really know that we're right? How do we understand and develop emunah? I've got so much painful stuff going on in my life: should I even bother trying? This book (along with www.marbitz.com/emunah - the web site on which it's based) is an attempt to open up the discussion for anyone who feels the need to participate. If you're desperate to discover or deepen your relationship with the God of the Torah, you're among friends. This project is guided by the belief that there's no single approach that will satisfy everyone, but that everyone - if he searches honestly and diligently - can find great satisfaction under the broader umbrella of Torah. We also believe that many of these issues don't lend themselves to quick and easy, black and white solutions. As often as not, things really aren't simple...
