## Customer Reviews

This book has some really good recipes for babies (4 months)& toddlers. Recipe instructions are precise & easy to follow with minimum ingredients. The food is delicious & tasty even for adults especially the fruit based & dessert ones. I used this book extensively while on vacation to India as I did not have any access to jarred food (Gerber/ Earth's best etc). I intend to re-visit this book with a new baby on the way. This book does follow the Indian-style food and is completely vegetarian.
